Electra

Title:

February 2019

Abstracts

- The End to End approach of CIGRE - By Rob Stephen, President of CIGRE

Life of Association

- In memoriam of Jack Casazza
- In memoriam of Ralph Gens
- CIGRE Turkey - Power system conference - Ankara - November 15-16, 2018

- **A1** - Rotating electrical machines
- **A2** - Power transformers and reactors
- **A3** - Transmission and distribution equipment
- **C6** - Active distribution systems and distributed energy resources
- **D2** - Information systems and telecommunication

- **WG A2.54** - Power transformer audible sound requirements

- **746 - JWG D2/B2.39**: Design, deployment and maintenance of optical cables associated to overhead HV transmission lines
- **747 - WG C5.16**: Costs of electric service, allocation methods, and residential rate trends

- **748** - JWG C3/B1/B2.13: Environmental issues of high voltage transmission lines in urban and rural areas
- **749** - JWG B3.35/CIREC: Substation earthing system design optimisation through the application of quantified risk analysis
- **750 - WG C2.17**: Wide Area Monitoring systems – Support for control room applications
- **751 - WG D1.48**: Electrical properties of insulating materials under VLF voltage
- **752 - WG C5.25**: Regulation and market design barriers preventing to capture all the value from fast and highlocation-freedom energy storage
